NFB T&D Estimates 09-23-15.pdf

Good Afternoon:

Susan, welcome to the team!!!

Attached is the revised DWO based on our discussion this afternoon. Also attached are the two T&D facilities Weston researched for us to obtain estimate numbers for our action memo. This would be a good place to start regarding container types and eventual T&D bids. Please reference the Niagara Falls Boulevard Site and Weston Health Physicist (Robert Shoenfelder-R.Schoenfelder@WestonSolutions.com) when talking to the representatives.

Please remember to let me know how Guardian handles waiving liability for the property owners in regard to GES personnel being injured during site activities. Typically we are able to get property owners added as additionally insured on our contractors' insurance.

Eric,
The work order at the top reflects the HTC site not NFB.
